## MONTHLY MEETING MINUTES

JANUARY 1, 2024

### Roadmasters Report

Roadmaster Bruce Van Fleet gave an overview of his activity in the township for the month. He checked on the roads and the township building several times throughout the month. He cleaned up a tree that had fallen on Maple Road. He also purchased and spread rock salt on an icy spot caused by water run-off on Maple Road on 12/20.

---

### Engineer's Report

Township Engineer John Seamans followed up on information that the log jam on Ackerly Creek had been cleared. He reported that the work to clear it had been done by a contractor hired to complete work on the bridge.

Upon review of the permit submitted by Keystone College to build batting cages, John brought to the attention of the board that the proper procedure had not been followed as the area is a flood plain. The plans should have been submitted to the planning commission and the flood plain engineer and he felt that construction should be placed on hold until the proper procedures had been followed.

---

### Zoning Officer's Report

No new zoning issues were discussed.

---

### Unfinished Business

Board Chair Lisa Huffsmith made a motion to increase the current tax mileage by 2.5 mills.

---

### New Business

No new business was discussed.
